DIDSBURY, ALBERTA, WEDNESDAY, OCTOBER 26, 1949

\$2.00 A YEAR! Is a COPY

African Missionaries To Return Soon

Last week and the Editor received the following letter from Dr. Lauren I. Seaman, a former medical doctor in Didsbury, who left about five years ago for the African mission field:

Would you please note the change of our address from Bremersburg, South Africa to 911 Richmond Ave., Victoria B.C., as we want to continue with the paper. The news from Didsbury and all the friends there is always so welcome. We appreciate too, your very aggressive editorials and trust that they shall never be toned down for the way it is right and good for the community.

Our furlough is due and we are booked to sail about the middle of November, and due to arrive in New Orleans about the middle of December. We expect to drive from there through Texas, New Mexico, Arizona, California, Oregon, Washington, to Victoria, B.C., where we will reside with Mrs. Seaman's parents temporarily, at the above address. We hope to reach my parents and my sister's home near Los Angeles for Christmas.

We trust that some day it may be our privilege to visit Didsbury again and to renew acquaintances and make new ones, for we recognize by the paper that now there are many who are strange to us. How soon can we be, we do not know.

This term of service as missionaries in the Church of Nazareth has meant much to us. We have seen, learned and experienced much. We have seen the miraculous transforming power of the grace of God manifested in the lives of scores of men and women who are only a stones throw from heathen savagery from which neither civilization nor education could lift them, but when Christ came into their hearts, what a difference! We have found that the preaching of the gospel of Christ is profitable, for "it is the power of God unto salvation unto everyone that believeth."

Springside Friends Honor Mr. and Mrs. J. R. McDonald

FISH & GAME ASSOCIATION MEETING FRIDAY, OCTOBER 28

The Didsbury Fish and Game Association will hold a regular meeting in the Lions' Hall on Friday, October 28th, at 8:30 p.m. At the close of the meeting colored pictures will be shown depicting scenes in the Yukon, including game and beauty spots in Canada's Northwest Territories.

A full attendance of members is requested. The ladies should at least be interested in the pictures.

SUCH WAS LIFE

We had seen many tie posts and mangers and pig troughs chewed at by horses and pigs, but when one hundred and twenty-five head of cattle eat up five hundred feet of fir flooring, that was new to us.

It was about the year 1921 when the above number of stock was taken into pasture on a section of land west of the Little Red Deer river. There was plenty of grass and water, but as usual, the lack of mineral substance was evident.

When five hundred feet of fir flooring was taken up from the bowling alley in Didsbury and placed along the side of a shack in the pasture, it disappeared in less than three weeks and nothing but a few slivers were lying around the spot the lumber was piled.

Thinking that some one might have helped themselves, I asked a neighbor whether he knew what happened to the flooring. With a wide grin on his face he replied, "Dem cattle eats it up, every bit of it."

The lumber had been soaked in linseed oil and that created a temptation which their craving for mineral could not resist.

Need we any further proof that supplements are an absolute necessity in the development of livestock. Further research along this line is greatly needed in this western and northern country.

PIONEER CITIZEN

A.P. GALLAHER PASSES AT VANCOUVER, B.C.

Austen Patrick Gallaher, a well known pioneer resident of the Westcott district, who moved to Vancouver a few years ago, died suddenly on a fishing boat on which he was a cook.

Funeral services were held from Holy Rosary Cathedral, Vancouver on October 12, and interment was made at Mountain View Cemetery, Vancouver.

Among the former Didsbury residents at the Coast who attended the funeral were Mr. and Mrs. William Stickeney, Mrs. Florence Rodson and Mr. Justin Maher.

Regular Meeting of Mount. View W.I.

Mrs. Garnet Tighe welcomed the Mountain View Institute members to her home last Thursday afternoon with 15 members and two visitors present. The roll call "Did You Know That?" was very interesting.

It was planned to have a dance at Mountain View Hall on November 18th, with Suningslope music, and late in November the Institute plans to have a bazaar and picture show.

A donation of \$5 was sent to the blind, and magazines were gathered for the Didsbury hospital.

Mrs. Eda Wood gave a splendid paper on "Brighten up your home with color," and "Growing bulbs in glass."

Mrs. Booker, on behalf of the Institute, presented F.W.I. pins to members who had been presidents or secretaries of Mountain View Women's Institute.

Mrs. D. Pratt won the 10c draw, and Mrs. Lawrence Hunter won the "hit of fun" button guessing contest.

After the singing of God Save the King the hostess served a nice lunch.

Mr. and Mrs. Wm. McCulloch Sr. left Wednesday on a trip to the West Coast, Seattle and Portland.

Malaria Control in Turkey

Stressing a "new outlook" in international health, the U.N. World Health Organization (WHO) is now attacking international health problems with tactics based on preventive rather than curative techniques. Here, under the guidance of a WHO Malariologist, workers are spraying insecticide for mosquito control in a swamp near a town in the province of Antalya.

Funeral Services Held Thursday For Mrs. Sam Franklin

Didsbury lost another old timer in the death of Mrs. Samuel (Amanda Nancy) Franklin, who passed away Monday night, October 17, at the age of 64 years.

The former Miss Amanda Dunn, she was born at Liberty, Nebraska, on November 29, 1884, and spent the early years of her life there. On June 8, 1900 she married Samuel Franklin at Sumnerfield, Kansas. After a few months there, Mr. and Mrs. Franklin returned to Nebraska where they stayed until they came to Canada, arriving in Didsbury May 8, 1903.

Mr. and Mrs. Franklin home-stayed in the Cermona district, and returned to Didsbury in 1913, remaining here until her death on October 17, 1949.

Mrs. Franklin was a member of the Seventh Day Adventist Church, joining in 1912.

Besides her husband, Samuel, surviving are one son, Orris, of Calgary; two daughters, Mrs. David Carlson, Harmanston, and Mrs. Thos. Thompson, Cremona, and six grand children. There is also her aged mother, three brothers and five sisters residing in the States.

Funeral services were conducted from the Evangelical Church, Didsbury, at 2 o'clock Thursday afternoon, October 20, by Rev. G. D. Hogstad, D.D., of Calgary, assisted by Rev. A.J. Grams of Didsbury. Alex Robertson rendered a lovely solo.

Pallbearers were Tom Morris, Walter McInnes, Howard Halliday, Frank Colwell, George Law and H. Morgan.

Interment followed in the Didsbury cemetery with Didsbury Funeral Home in charge of arrangements.

LITTLE NEWS ITEMS OF LOCAL INTEREST

Mr. and Mrs. Frank Mertens of Calgary arrived Friday and spent a couple of days visiting with Mr. and Mrs. Ed Grange.

Mrs. E.G. Ranton left Monday to spend a few days in Edmonton visiting with her daughter.

Rudolf Erhardt, who has been visiting at North Portal, Sask., returned last Friday and is again working at the Scheidt farm.

Walter Scheidt Jr. left Tuesday for Olds where he will begin a two-year course at the School of Agriculture.

JUTLAND BEEF CALF CLUB ELECTS NEW OFFICERS

The officers elected at the Jutland Beef Calf Club recently were: President, Bud Tighe; Vice-President, Gladys Sheils; Secretary, Gordon Stiles.

The next meeting will be held at the home of the Club leader, Mr. Sandy Brander, on Saturday, October 29.

8 Miles of Tents Line New Gold Field

FISHWHEEL, Alaska — Prospector, amateur and professional, continue to pour into this scattered gold mining camp on the banks of the Yukon in Alaska's 1949 gold rush by air.

Tents line the river bank for eight miles. The rush to this hitherto unprospected area began a few days ago after disclosure that pea-sized nuggets were found in a fishwheel by Clinton Carrol.

The race to stake claims left very little time for the search for gold. That will come later. As a result, no one knows how good Alaska's late gold strike actually is.

Carrol's fishwheel was located off the south river shore near the bank of a long narrow island, known as discovery island.

The river is about two miles wide at this point, 20 miles south-east of Fort Yukon, and is split into eight channels by numerous islands and sandbars.

Discovery island is heavily wooded by 12-inch cottonwoods. Thick yellow underbrush covers the banks. A temporary landing field for light planes has been set up on a frozen sand bar adjoining the island.

Each man is entitled to two claims of 20 acres each. Staking a claim consists merely of blazing the four corners and marking the claimant's name and the post number of each blaze.

DIDSBURY HOSPITAL BIRTHS

Born at the Didsbury hospital to Mr. and Mrs. Neil Rigby on October 21, a boy.

To Mr. and Mrs. John Snyder on October 21, a boy.

To Mr. and Mrs. Lloyd Snyder on October 25, a girl.

Mrs. Ed Berscht has returned to her home in the Elkton district after visiting with Mrs. Riley Moon at Nanton and with relatives in Calgary.

Didsbury Merchants Plan Monster Shopping Carnival

MRS. DALE KIMMEL HOST TO W.A. EVENING GROUP

The Evening Group of Knox United Church met at the home of Mrs. Kimmel on Monday, October 24, with 17 members and four visitors present. Mrs. McArthur and Mrs. Hoover gave interesting reports on the Presbytery meeting held in Red Deer on October 14. Mrs. Kimmel and Mrs. MacLaren judged the thrift articles turned in by all members present. These articles will be sold at the bazaar on December 3rd.

A feature of the bazaar will be dolls complete with wardrobe and some of these dolls will be on display in McCulloch's store.

Meetings to Discuss T.B. Free Area

In order to make it possible for the ratepayers of the Municipal District of Mountain View No. 49 to get a complete understanding of what a T.B. Free area will mean to this district, the Agricultural Service Board has made arrangements for three meetings to be held. The dates and places are as follows:

Monday, November 7th, Carstairs, at 2:00 p.m.

Monday, November 7th, Crossfield, at 8:00 p.m.

Tuesday, November 8th, Olds, at 8:00 p.m.

Dr. Storey of the Dominion Department of Agriculture, and Dr. Ballantyne, Provincial Veterinarian, will speak at these meetings and answer any questions.

As this is an important step in the Municipal District, it is hoped that these meetings will be well attended.

Govt. Buys Assets Of Canada Land Co.

Agriculture Minister Gardiner announced recently in the House of Commons that the Government has approved the purchase of facilities for a large Alberta irrigation project.

Text of his announcement:

"The Government of Canada has approved the purchase of the assets of the Canada Land and Irrigation Company of Medicine Hat, Alberta. The purchase price was \$2,250,000.

The reason for the purchase is to enable the Dominion to carry out a more active program in re-settlement under the Prairie Farm Rehabilitation Program. The intention is to move farmers from those lands in Alberta, Saskatchewan and Manitoba where crop production is unsatisfactory, due to continued drought conditions.

"The irrigable area of land involved in the purchase is approximately 110,000 acres. There are at present over 400 farmers operating with the company at Vauxhall, Alberta. The Dominion will arrange for the operation of the irrigation works. In addition, the Dominion will immediately develop other irrigable lands for resettlement of farmers.

"Final details of the agreement between the company and the Canadian government are being completed at Ottawa, but it will take some time before all details are finalized."

Work Starts on Electric Power Line

During the past week the power line poles were being hauled to location for the East Didsbury rural electrification project and actual work on this undertaking has now commenced, with the insulators being installed on the poles ready for erecting.

Work on the line is starting in the north west corner of the division and as soon as the power digging machine can get into operation the actual erection of the poles will be started.

Most of the material is now on hand to complete the rural electrification project and shareholders in the Mountain View Rural Electrification Association Ltd. should be enjoying the many advantages of electric light and power on the farm before Christmas.

The merchants of Didsbury have combined to offer many special bargains to the people of Didsbury and surrounding communities and have planned a big Shopping Carnival to be held from Saturday, November 5 to Saturday, November 12, both days inclusive. During this time special prices will prevail at most retail stores and other business places in Town, and to advertise the event a special eight-page flyer will be delivered through the mails in the course of the next few days.

As an inducement to shoppers the merchants are offering five big prizes to the value of over \$225, to be drawn for at the close of the Shopping Carnival on Saturday, November 12. It is planned to give tickets on the draw for every dollar's worth of merchandise purchased in the advertiser's place of business during Shopping Carnival week.

The first afternoon of the Carnival, Saturday, November 5, at 3 p.m., a special free show will be provided by the Didsbury Opera Theatre for all children.

Watch next week's issue of The Didsbury Pioneer for complete details.

Mrs. J. McCulloch Entertains Bancroft Institute Members

Mrs. J. McCulloch was hostess to six members and one visitor at the Bancroft W.I. meeting on October 12.

The meeting opened with the song "What a friend we have in Jesus," and the creed. Roll call was a discussion of city and country life.

Three more towels were received for the bazaar. The stockings were received and are being sold at \$5.00 per thousand.

A show was held to discuss a committee for the community project, and \$7.05 was the net proceeds. The meeting to discuss a swimming pool was postponed.

The objective for September, "a book for the school," is to be left for the time being to see if a library is started. Two cents per member is to be paid to A.C.W.W. for the October objective.

The sum of \$2.00 was received from the Guild towards a trophy for the ball league.

The petition sponsored by the petition president, Mrs. McGowan, was signed by all present.

The contest was won by Mrs. G. Hoskins.

The meeting closed with God Save the King, and Mrs. McCulloch then served a tasty lunch.

Wear a Poppy to Honor the Dead

Let's go back first of all to the years between 1914-18 when Canada was engaged in its first world war. There are names that are brought to your memory out of that conflict. Do you remember Ypres, Passchendaele, Vimy Ridge, Saint Julien, Hill 69, the Somme? In world war II have Ortona, Falaise, Dieppe, any significance?

Do you recall the thousands of young Canadians who manned the aircraft which helped turn defeat into victory? Do you recall the youngsters on Canadian ships of war who fought the battle of the Atlantic?

If these names mean anything to you then the Poppy Fund will be much more than just another charity drive.

The Didsbury Branch of the Canadian Legion asks you to WEAR A POPPY on November 11th, for "EMEMBRANCE. This is done only once a year, and the wearing of a poppy is a sign that you remember the 200,000 Canadians who lost their lives in the two world wars.

Wear a poppy and remember!

Letter To The Editor

To the Editor:

If you have space in your valuable paper, I wish on behalf of Mrs. Brinton and myself to convey to you, the business men and residents of Didsbury and District our sincere appreciation of the friendliness and courtesies shown us during the number of years we have been privileged to work and live among you.

It would be hard indeed to find another community where such good fellowship and cooperation exists among business competitors, sportsmen and all, and while our business associations have come to an end, the Town of Didsbury will always be thought of as home to us and all the residents our friends.

When your sewerage, water and GAS systems have been installed we think there will be no better Town in Alberta for a person to live in, and we hope to meet you all often in the years to come, either on the stream, in the field, or on the ice.

Thank you, one and all.

EARL P. BRINTON

Com. Art Centre Asks Your Support

Nearly every progressive town throughout Alberta is organizing a Community Art Class. It is now possible to obtain first-rate instruction under the supervision of Professor Glyde at a minimum cost. People are flocking to learn the fundamentals of water-color, charcoal, oil, drawing for reproduction—either as a hobby or as a forerunner for future careers. Yesterday many of our young hopefuls would be forced to travel far to receive training but now the University can be brought to them. There are many who owe their careers to a start in a Community Art School. Perhaps we have in our midst a future Van Gogh or Picasso. But, it is up to you to back him up. Attend the classes and encourage an interest. Develop a hobby and keep in touch with what is going on in the world of Art. As the cost of each lesson is divided among the participants it is only by a large turnout that fees can be kept within range of our local talent.

Two of the scheduled twenty-one sessions of the term have been completed. One consisted of a formal lesson, the other Drawing from Life. The attendance was not good and it is to be hoped that Didsbury will not let this opportunity slip through its fingers.

The next session will be held in the Didsbury High School from 7 to 9 p.m. on November 5th. Mr. Taylor, a University instructor, will preside. Do not let it be said that Didsbury—the Town of which we have every reason to be proud—is lacking in an interest in its cultural growth.—Contributed.

\$17,000,000 Paid To
Farmers By P.F.A.

Were it not for the Prairie Farm
Assistance scheme inaugurated in
1939 by the Dominion government
the "hungry thirties" would be
knocking today at the doors of
thousands of farm homes in Sas-
katchewan and southeastern Al-
berta.

According to R.F. McGregor, P.
F.A. director, 1949 was the worst
year since the thirties from the
point of view of the extent of the
total destruction of crops.

Preliminary estimates indicate
\$17,000,000 will be paid in P.F.A.
benefits to 71,000 prairie farmers,
Mr. McGregor declared.

This will be the most paid in
any year since P.F.A.'s inaugura-
tion with the exception of 1947
when 75,787 farmers collected
\$17,232,576. However, while a large
area was hit by drought in 1947
the majority of farmers harvested
between four and eight bushels to
the acre which brought them cash
in addition to the P.F.A. payments.

"Thousands of acres in the ex-
treme drought area did not yield
one bushel of wheat to the acre,"
Mr. McGregor said. "When our
records are more complete we will
be able to determine more ac-
curately the number of farmers and
their families who obtained no
more, or little more income from
their 1949 crops than the P.F.A.
payments."

In townships where the average
wheat production is four bushels
to the acre or less the farmers re-
ceive \$2.50 an acre to a maxi-
mum of \$500. When the average
yield is more than four but less
than eight the per acre payment is
\$1.50 to a maximum of \$300 per
farmer.

Mr. McGregor pointed out that
even a small crop at present prices
can make a great difference in
the cash position of a farmer. The
income of the farmer with no crop
is his \$300 P.F.A. payment. The
farmer who has seven bushels to
the acre nets something like \$8.50
an acre after paying combining
costs; on 200 acres that would give
him an income of approximately
\$1,700 in cash plus his \$300 P.F.A.
payments, or a total of \$2,000.

"The situation in the total crop
failure area is aggravated by the
fact there hasn't been a good crop
there since 1942," Mr. McGregor
said. "P.F.A. benefits have been
paid in most of these areas in
every year since 1942 since P.F.
A.'s inauguration. P.F.A. has kept
the farmers going throughout the
years. They have had little wheat
to sell and because of that fact
they receive little of the millions
paid out this year in additional
wheat payments. Thus they have
been unable to build up reserves
and are now almost entirely de-
pendent of the P.F.A. benefits."

The hardest hit area in Sas-
katchewan is south of the South
Saskatchewan river to the Ameri-
can boundary, and east from the
Alberta boundary to the third meri-
dian. Although this is in the zero
to four bushel category, most of
it suffered a total failure. The same
situation prevails in Alberta in the
Hanna area, bounded on the south
and west by the Red Deer river,
and extending north to township 40.

Preliminary estimates indicate
that 45,000 Saskatchewan farmers
in 1,722 townships will be eligible
for P.F.A. benefits this year. In
Alberta 25,000 farmers in 1,520
townships will draw P.F.A. money.
Manitoba fared better; it is esti-
mated 1,000 farmers in 98 Mani-
toba townships will receive P.F.A.
cheques.

Although relief is primarily the
responsibility of the municipal and
provincial governments, the Domi-
nion government in 1939 adopted
the scheme devised by Federal
Minister of Agriculture Re. Hon.
J.G. Gardiner to assure "grocery
and clothing money" until the
next harvest to farmers. Farmers
contribute one per cent of their
cash crop proceeds on all wheat,
oats, rye and barley delivery at
the elevators. However, since 1939
the farmers have contributed ap-
proximately \$30,000,000 and have
collected \$105,000,000 in P.F.A. be-
nefits. The difference has been made
up from the federal treasury. For
every \$1 the farmers have contrib-
uted they have collected \$3.

to come and worship with us.

U.S. HOG SUPPORT

The United States Department
of Agriculture has announced a
change in its hog price support
program until March, 1950. Under
the old program the Government
was committed to support prices
at the individual markets. It is pos-
sible, however, for prices to go be-
low support levels in some markets
while holding above in others. The
change in the program provides
that no support action will be tak-
en in any individual market so
long as the national price is above
the support level.

The Government has not found
it necessary to carry out support
programs on hogs since 1944 as
prices have been considerably
above the 90 per cent parity level.

Since the creation of the world
there has been no tyrant like in-
temperance, and no slave so cruel-
ly treated as his.

AN HONEST DAY'S WORK

A big U.S. company recently ran into an expensive bit of labour trouble because the workers charged management was instituting a "speed-up." This complaint of a "speed-up" has been laid many a time in industrial history and may be laid in the old days, when machines were still crude contraptions and before the unions were the powerful bargaining organizations they are today, there was more than a shade of truth in the charge.

Today it's different. Constantly improving tools facilitate greater production from a normal and fair day's work without impairing the health or strength of the worker. This is definitely true because, if it were not, the workers, led by their efficient unions, would simply quit.

What's more, any intelligent employer knows full well that, even if he had the power to do so, driving a worker unfairly would only

result in loss of quality and reliability of his product and this, in turn, would cut into his sales. The number of rejections, too, would increase and thus hoist unit costs. Common sense dictated that any attempt to set back-breaking standards would only endanger the very existence of the company and the security of the workers' jobs. Surely the union chiefs will give management at least pass marks for common sense!

It all boils down to a question of an honest day's work. The buyer is once again becoming the boss and, when he is cracking the whip, it's up to management to exercise ingenuity to reduce waste of material as well as waste of time. At the same time, the employee must realize that it's practically impossible to leave for home at the end of the day without feeling tired. If he doesn't feel the least bit weary, can he truthfully say he has done an honest day's work?

Just about a month ago, Britain's Deputy Prime Minister Herbert Morrison, addressing a Labour convention, declared: "Nobody must have the illusion that he can get things without earning them..." Doesn't this mark prove the necessity of an honest day's work.

OUR SORRY INDIAN RECORD

When it comes to telling other people how or how not to treat their minority racial groups, Canadians are outspoken enough. That being the case our own treatment of the native population we took over with the country must puzzle outsiders.

After more than two centuries of white man's rule the average red man is still without a vote, still without a dominant voice in the management of his own property and in many districts still without education. And despite these handicaps the Indians of this country have been a substantial contribution, out of all proportion to their numbers, to our national defense and to our literature and general development.

Our record in dealing with the Indian race is not one of which we can boast. For years we have been talking about extending full citizenship privileges to the Indian. Long before this they should have been offered—Financial Post.

DRIVING HAZARDS ARE STILL TAKING A TOLL

Approach of the fall driving season brings to light two dangers which are pointed out by officials of the Alberta Motor Association.

One of the most serious is the lurking menace of carbon monoxide which takes a heavy toll each year. This danger can be guarded against by keeping the car windows open in cold weather when the car is being warmed up.

Too often, carbon monoxide does its deadly work in garages when all car windows are closed and there is no outlet for deadly fumes. A.M.A. officials also stress the need of avoiding accidents at level railway crossings, which continue to take an alarming toll of motor-

BULL MOOSE SHOT IN B.C. RAILWAY STATION

NEW HAZELTON, B.C.—A bull moose with eight point antlers was shot and killed while getting warm in the railway station at New Hazelton B.C.

William Holmes, a silver miner, was starting out on a hunting trip when he spotted the moose near a water tank in the station and shot it.

ITALY PLACES REPEAT ORDER ON CANADIAN DAIRY CATTLE

Performance of Canadian dairy cattle received early this year in Italy has led to a further order from breeders in that country for 250 head of Holstein-Friesian bred heifers.

Four Canadian Holstein-Friesian sires, flown from New York to Rome last year, aroused so much interest that an additional order for Holstein-Friesian purebred cattle with production records was subsequently placed in this country.

LOOSENS PARTS

A new chemical for loosening stuck-together parts is announced by a Chicago firm. A special gadget shoots the chemical where it is needed to dissolve dried oils, rust and corrosion and thus supply the necessary lubrication to loosen the part.

ISA.

With a shorter period of daylight approaching, there is need to be on the alert at every railway crossing. Take no chances. Take it easy at these crossings just the same as at any other danger spot on the highway.

Also, the observance of safe driving laws is of great importance. Thousands of lives are taken up at these crossings in the U.S. and Canada every year. They are a deadly menace just the same as carbon monoxide.

A tractor spotlight which can be focussed in any direction is being manufactured by a Canadian company. The lamp, of strong power, is said to be waterproof, durable, easy to install and low in cost. Two new models of tractor lamps are also being manufactured by the same company; one model has a bracket that enables lamps to be swivelled in any circular or vertical position; the other is of a standard construction with a sealed beam and also low priced.

MORE WESTERN OIL

An increase by 1951 of about 22,000 barrels a day or about one third in the capacity of oil refineries in the three prairie provinces is forecast by Dr. O.B. Hopkins, president of the Interprovincial Pipe Line Company. He indicates that projected 1951 capacities there will total 88,950 barrels a day as compared with a present total of about 66,950 barrels.

COMEDY AT ITS BEST
ADULT ENTERTAINMENT

The Smooth Dodge Ride
starts with the

Dodge
CHASSIS...

a part of
Dodge Dependability

DRIVE A NEW DODGE and one of the first things you'll notice is its riding smoothness. It's something more than the result of luxurious upholstery and "knee-level" seating comfort — it starts with the chassis.

On the right are described some of the outstanding chassis features which cushion road bumps... absorb shock and sway... eliminate vibration... to help bring you this smooth Dodge ride. In addition, the Dodge chassis has the ruggedness which assures you long, trouble-free life — famous as Dodge Dependability.

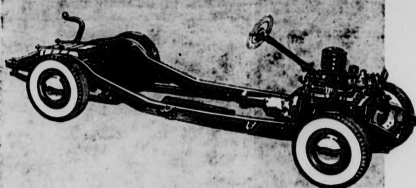

That's just part of the extra value which makes your Dodge dollar a bigger dollar.

Take a look at what Dodge gives you in beauty, roominess and performance. There's extra head and leg room, front and back... flashing performance of the powerful Dodge engine... extra smoothness of Fluid Drive on Custom models... and many other outstanding comfort, safety and performance features.

Let your Dodge dealer tell you why you'll drive more smoothly, well, Dodge... and how your dollars will go farther.

CHECK THESE "EXTRA" FEATURES WHICH ARE STANDARD EQUIPMENT ON THE NEW DODGE

Automatic electric choke; Automatic ignition key starting; Aluminum alloy pistons; Four rings per piston; Low pressure tires; Chain-camshaft drive; Oil bath air cleaner; Oil filter; Floating oil intake; Hotchkis drive; Safety-Road wheels; Floating Power engine mountings; Chair-high seats; Full-width defroster vents.

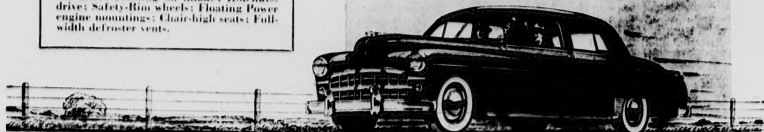

RUBBER INSULATION is a substantial contributor to the famous Dodge Floating Ride. There are soft, thick rubber cushions at all points of contact between the body and chassis. In addition, rubber limit bumpers on the springs eliminate hard metal-to-metal spring contact even under the most severe road conditions.

SHOCK ABSORBERS of "sea-leg" type are mounted on the rear axle to counteract side-sway. Dodge airplane-type double-action shock absorbers, front and rear, "rip out" road irregularities. Shock absorbers on the new Dodge have been raised 5 inches as added protection against flying stones and dirt.

INDEPENDENT FRONT WHEEL SUSPENSION allows each front wheel literally to "step over" obstructions without transmitting the jar to the body. These independent coil springs are of tough Anadia steel.

FRAME CONSTRUCTION is built-type of double-channel welded steel to give great stability, safety and long life. Front and rear bumpers are attached to the frame, the front bumper having a reinforcement plate for greater strength.

BALANCED WEIGHT DISTRIBUTION is an important factor in the smooth Dodge ride. The Dodge engine is located over the front axle and the rear seat is ahead of the rear wheels. The result is a car which holds the road and handles safely and easily. All passengers are cradled between the front and rear wheels where the ride is smoothest.

-: DISTRICT NEWS :-

CREMONA NEWS

Two Weaver Brush teas were held in Cremona on Wednesday, October 19, at the homes of Mrs. J. McQuarrie and Mrs. N. Eby. A large number of guests was present at each tea and an enjoyable time was had.

The sympathy of the district is extended to Mrs. T. Thompson on the death of her mother, Mrs. Sam Franklin of Didsbury.

Mr. and Mrs. Wilf Carter of Clinton, New Jersey, renewed acquaintances in the district recently.

Congratulations to Mr. and Mrs. Neil Rigby on the birth of a son, on Friday, October 21.

Miss Marjorie Waterstreet left last Saturday for Wetaskiwin after spending a week's vacation with her parents.

Mrs. George Whitlow, David and Bryan, have returned from a three months' vacation with Mrs. Whitlow's parents in England.

Mrs. M. Hewitt is now out of the hospital after undergoing an operation, and is staying for a short time with Mrs. Patterson in Calgary.

Word has been received by Mrs. A. Leinweber of the death of her father, Mr. Flynn, of Caroline, Mr. Flynn at one time resided at Watley Valley and was well known in the district.

UNITED CHURCH SERVICES

Sunday services at the United Church will be held as follows:

Didsbury, 11 a.m.: Church school for all ages. 7:45 p.m.: Evening worship. Music led by choir. Story for young people. 9 p.m.: Y.P.U. weekly meeting in the schoolroom.

Westcott, 11 a.m.: Morning worship followed by church school for all ages.

Westerdale, 3 p.m.: Public worship followed by church school for all ages.

Guest preacher for the day will be Rev. H.P. Marston, B.A., B.D., of Lacombe.

The minister, Rev. J.W. Bainbridge, will be preaching at Lacombe on Sunday. This arrangement is in connection with the Red Deer Presbytery annual pulpit exchange.

ZELLA NEWS

Mrs. Edward Walldorf was hostess to four members and one visitor at the regular monthly meeting of the Zella Women's Institute, on Wednesday afternoon, October 19. The roll call was "Characteristics I like in my husband." Mrs. Har- harder gave some "sewing hints" as her topic for home economics. The door prize was won for the third successive time by Mrs. Har- der.

The next meeting will be at the home of Mrs. Har- der on Wednesday afternoon, November 16.

It was decided to hold a whist party with other games at the school on Tuesday evening, November 8th. The various Institutes of the Didsbury Constituency are jointly purchasing a much needed stretcher for the Didsbury hospital and your support will be most appreciated at this card party. Cards and lunch will be provided and then a small auction of home baking and home made articles will follow. Everybody welcome.

Mrs. Wilfred Spooner, who was to have had the October meeting, was called to Edmonton due to the illness of her father.

On Friday Wilfred Luft moved a house for Henry Sanderson to the Wallace Brower farm, where Henry is again employed.

BERGEN NEWS NOTES

Mrs. A. Olsen and Mrs. C. Shafer were joint hostesses to the Sewing Circle in honor of Miss Mildred Olsen who recently returned to her home here after spending over ten months in the hospital. There were 27 ladies and a number of children present. The afternoon was spent sewing quilt blocks. Miss Olsen received some belated birthday gifts and the good wishes of her friends for a speedy recovery from her illness.

The Circle met for the second time this month at the home of Mrs. J. Kyncl, who was surprised with a kitchen shower for her new house.

Mr. X.P. Crispo was the special speaker at this month's meeting of the Bergen Home and School Association.

Mrs. Ralph Grant has been visiting here with her parents, Mr. and Mrs. Wm. McCormick.

Mrs. Grace of Seattle left this week after visiting here with her sister, Mrs. Gordon Bradley.

Congratulations to Mr. and Mrs. Gordon Scott and Mr. and Mrs. Blair Lyle who are proud parents of baby girls.

Mr. Andrew Lund has completed the cement work on his new house. Mrs. Florence Finlay was the special speaker at the United Missionary Church on Sunday.

MOUNTAIN VIEW NOTES

Mr. and Mrs. Harry Richardson and girls and Mrs. Emily Richardson were Sunday visitors with the Otto Bittner family.

The Core Young People had a lovely social evening at Mountain View hall on Friday, playing games and contests and ending with a lovely lunch.

Mrs. Gebers, Mrs. Stiles and Mr. and Mrs. Otto Bittner spent Friday in Calgary.

Mr. and Mrs. A. Hanson of Air- dle are visiting with their daughter and family, Mr. and Mrs. Art Gebers.

Mr. and Mrs. John Bruce entertained Mr. and Mrs. Chris Hede- gaard and family at supper last Thursday evening.

Mr. and Mrs. Joe Hunter and family and Mr. and Mrs. Lawrence Hunter visited Sunday afternoon with Mr. and Mrs. Harold Swanson and family.

Miss Margaret Atkinson, Lyle Shultz and Claude Trenholm left Tuesday to enroll at the Olds School of Agriculture.

Mr. and Mrs. David Pratt had as their dinner guests Sunday Mr. and Mrs. Jack Underhay and Mr. and Mrs. Jay Todd and family.

Miss Marilyn Nuss is a patient in the Didsbury hospital.

Mr. and Mrs. Ed McNeil were Calgary visitors on Thursday.

Douglas and Kenneth Burns returned Saturday from a motor trip through B.C. to Vancouver, Victoria, and Seattle, returning by way of Spokane. They report good weather and a wonderful trip.

Mrs. Burns has had as a visitor Mrs. Thompson of Clinton, Ontario.

Mr. Gordon Stiles attended the Tuxis Rally in Didsbury Monday evening.

Mr. and Mrs. Barney Elliott spent the weekend in Nanton.

Mr. and Mrs. Ed McNeil and Mr. and Mrs. P. McNeil spent Sunday afternoon at Carstairs where they attended the funeral of Mrs. Downie.
